1. The Hungarian government is building a new railroad link between Tolna and Paks, which will connect the coal-producing area around Pécs with the steel mill at Dunapentele. This will appreciably shorten the distance by rail between these two points.*

50X1-HUM

* Comment: At present the shortest rail connection from Pécs to Dunapentele is through Tolna by a roundabout route to Pustaszabolcs (on the Székesfehérvár-Dunapentele line).
